

TWDW-100 TARIFF

ITEM 720 - REWEIGHS

1. At its sole discretion, 2 Day may reweigh shipments in its custody. Such reweighs may be conducted with scales owned by 2 Day, including platform scales or lift truck scales with a manufacturer's specified tolerance of plus or minus 1%. The accuracy of such scales will be regularly verified by an independent company.

If an error in weight is determined, 2 Day will correct the billed weight accordingly. The corrected weight will always be used to assess the proper freight charges. When the gross weight is increased by 200 pounds or more per pallet, a \$10.00 weight adjustment fee will apply in addition to all other charges. There will be no additional fee if the actual pallet weight is lower than the reported weight.

2. Upon request by either the consignor or consignee, the carrier will reweigh any shipment on carrier scales. Such reweigh will only be made while shipment is in the possession of 2 Day. A charge of \$30.00 per shipment will be assessed for this service.
3. When 2 Day is requested to secure a certified public scale weight for any shipment or vehicle(s), a charge of \$100.00 will be assessed for each reweighing obtained in addition to the fee assessed 2 Day for use of the certified public scale.
